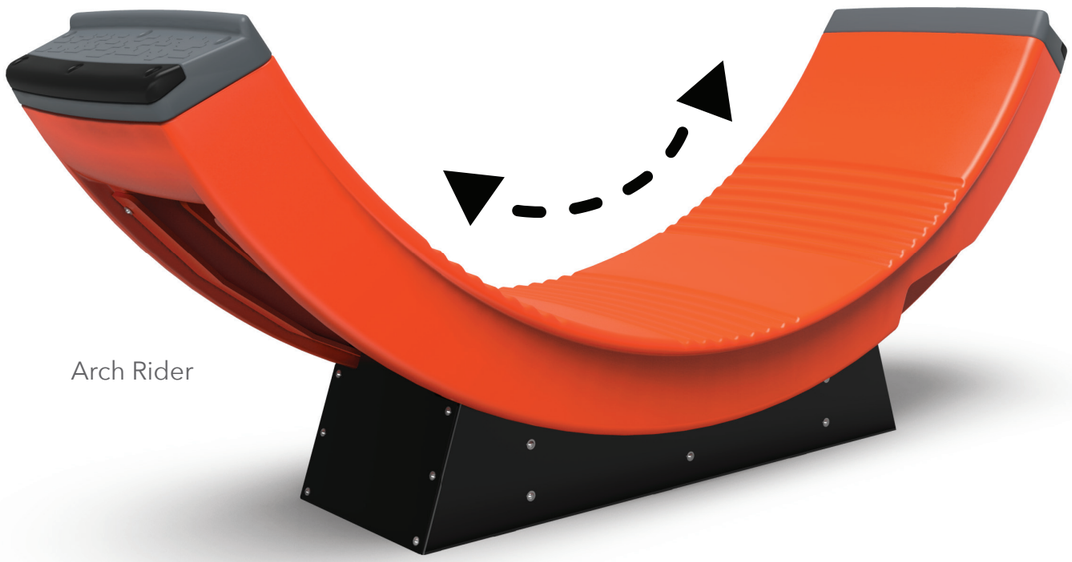
PLAY ACROSS GENERATIONS™

FORGING COMMUNITY **THROUGH FUN**

Outdoor, unstructured play enriches the lives of all. That's why we craft high-quality, multigenerational play solutions that unite every generation. Through innovative design, we expand the possibilities of play to bring toddlers, children, teens, parents, and grandparents together on common ground – the playground.

Because it's when we laugh, learn, and play together that a connection is strengthened into a bond, and a moment is transformed into a memory.



Arch Rider

MOTION **PLAY**

Motion play activities such as rocking and spinning offer a variety of developmental benefits for kids—especially when it comes to proprioception, the sixth sense responsible for balance, coordination, and spatial awareness.

Arch Rider provides this key developmental experience for kids of all ages and abilities. Located at transfer-level height, the design features a ridged surface and grips for users as they sit, climb, and rock the sides. Foot pedals are also located at the base, allowing caregivers or friends to easily create extra movement.

FLEX **RIDER™**

Our FlexRider™ products encourage visitors to sit, rock, and socialize. Each FlexRider™ is crafted using durable contoured flextread along with steel posts, which ensures years of cross-generational fun for your community. Social, solo, and inclusive designs are available for you to choose from.

FlexRider™ Rocker

FlexRider™ Hangout

COZY **CONNECT™**

An extension of our Cozy Cocoon™, this interactive motion play event encourages friends and family to work together to create distinct spinning fun. As users spin each other in one cocoon, the other spins along with it—providing an enjoyable, cross-generational play experience that strengthens the relationships in your community.

SCULPTED PLAY ELEMENTS

CREATIVITY CRAFTED TO LAST

Sculpted play elements store a ton of quality play value in a lightweight package. Constructed of Glass Fiber Reinforced Polymer (GFRP), these vibrant play elements are as tough as concrete but lighter and smoother to the touch—making them less costly to ship, easier to install, and more enticing to kids. Our sculpted play elements are also UV-stable and fade-resistant, guaranteeing your community years of fresh, authentic fun.

COOK FAMILY PARK

Pleasant Grove, Utah

Playworld Representative: Big T Recreation

NATURAL **COMMON GROUND**

The community of Pleasant Grove, Utah is united thanks to Cook Family Park—a new multigenerational play space that brings visitors of all ages and abilities together through nature-inspired adventures.

The playground features an inclusive Sky Towers® structure where families can interact with sensory play panels, navigate through a network of ramps and climbers, or rush down one of the many spiraling slides. The variety of play events on and surrounding the structure ensure that everyone can enjoy a distinct play experience.

The nature-themed aesthetic also bonds the community. Inspired by the surrounding landscape, designer Big T Recreation included local fauna throughout the play space. Kids can hang out with mountain lions, crawl with bears, or even scamper beside foxes. The inspiration continues onto the main structure with animals featured across the top along with evergreen post toppers and a steel mountain peak.

The playground was made possible in large part thanks to the Cook Center for Human Connection. A family foundation, the Cooks wanted to give back to the community by providing a fun gathering space for families and friends.

Since opening, the playground has drawn in visitors from across Utah, creating a true common ground to connect every generation, for generations.

COVENANT HEALTH PARK

Knoxville, Tennessee
Knoxville Smokies Minor League Baseball Stadium
Playworld Representative: Playworld Preferred

A HOME RUN **FOR FANS**

Previously based in the suburbs, Tennessee's Knoxville Smokies opened this Minor League Baseball season in a brand-new stadium downtown—complete with an entirely baseball-themed play space. Designed by Playworld Preferred, the play space celebrates the sport both on and around the main structure through custom post toppers, panels, and climbers. However, it's PlayHills® that truly gives young fans a distinct baseball experience.

"This playground features one of the most unique perspectives of this ballpark," said Richie Juliano, Outside Events Coordinator for the Smokies. ***"If you climb to the very top, you actually get a view of the pitcher's mound and home plate."***

The view isn't the only appeal to climbing, though. Kids and adults alike enjoy sliding down the 8' (2,44m) Mighty Descent together, turning the play space into a daring cross-generational adventure. Every fourth inning, fans are even joined by Smokies mascots!

"A playground like this is not just for play," said Beth Ramer, Sales Representative at Playworld Preferred. ***"It's an area where you can connect parents, grandparents, neighbors, and friends."***

The new stadium serves as the premier spot for sports, entertainment, and play in Knoxville. With every game, more and more fans eagerly line up to get back on the playground.

"The reaction from our families has been tremendous," said Juliano. ***"When we see kids running from the stands to the playground, it means Playworld did exactly what we wanted them to do."***

INCLUSION

UNITE COMMUNITIES THROUGH PLAY

8 Keys to Inclusion 30

Inclusive Structures 32

8 Keys to Inclusion | Inclusion

8 KEYS TO INCLUSION

By using these 8 Keys in your multigenerational play space design, you're creating a community asset that invites all people to play, learn, and have fun together.

1. THE 'COOLEST THING'

Identify the piece of equipment that families will be the most excited about, and ensure it's usable for all.

2. SOCIAL PLAY

Provide play events that stimulate the imagination. Carefully select and place equipment to provide opportunities for solitary, parallel, associative, and cooperative play.

3. SENSORY PLAY

Incorporate activities that engage the auditory, tactile, proprioceptive, visual, and vestibular sensory systems.

4. LEVELS OF CHALLENGE

Choose physical play activities that provide graduated levels of challenge, ensuring all ages and abilities are actively engaged on the playground.

5. ZONES

Invite engagement between individuals of diverse abilities by locating similar types of equipment in the same area. Set the zones so that they're easily found via an orientation path, which guides people to different areas of play.

6. ROUTES AND MANEUVERABILITY

Routes through the play area should be wide enough for people in wheelchairs to pass one another, and to enter, turn, and exit without difficulty.

7. UNITARY SURFACING

Protective surfacing forms a unitary shock absorbing surface, which makes it easier for wheelchairs and strollers to enter and navigate the play space.

8. FENCING

Important to keep children safe so they don't run or wander out of the play space. A contained play area is especially helpful for those on the autism spectrum. According to the U.S. Center for Disease Control (CDC), 49% of children on the autism spectrum elope.

Inclusive Structures | Inclusion

INCLUSION'S INFLUENCE

Inclusive designs not only make an impact on the playground, but on the next generation of your community. By creating zones, offering a variety of challenges, and ensuring maneuverability, you're fostering a fun, welcoming environment for generations to come.

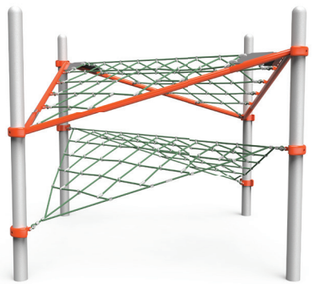
Tianzi® Pitch Crossing

ZZPM5003 • AGES: 5-12

- Complete this daring challenge by balancing across the rubber beam. Ropes featured on either side assist beginning climbers while offering additional climbing opportunities for advanced users. A bell sits above the center, adding sensory experience to the play while encouraging kids on their adventure.

Tianzi®

Inspired by its namesake mountain in the Hunan Province of China, each of Tianzi's components provide a distinct, daring challenge for kids to overcome. With transferable design, this lineup helps you to create a unique play space that bonds your community.



Tianzi® Twin Overlay

ZZPM5001 • AGES: 5-12

- Two nets offer a layered climbing experience with grid-patterned design and strategically placed openings to climb through. Complete with an Angled Flag, this component promises challenge and a sense of accomplishment to every daring climber.

Tianzi® Two-Point Wedge

ZZPM5004 • AGES: 5-12

- Suspended between two poles and anchored to the ground, this net offers a unique shape that kids can climb in all sorts of ways. From side to side and every inch between, young climbers will love exploring this component with friends.

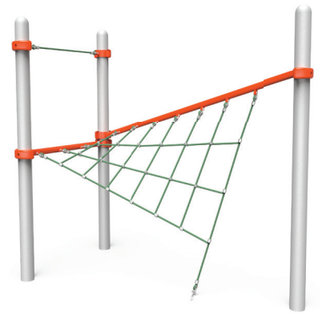
Tianzi® Top Rope Pass

ZZPM5002 • AGES: 5-12

- This swerving series of ropes features a ladder-like design that allows kids to explore any way they'd like. Whether they weave through or scale over, they're sure to enjoy the fun, challenge, and adventure this component offers.



Tianzi® Three-Point Traverse - Single

ZZPM5006 • AGES: 5-12

- Kids can experiment with their climb in all kinds of ways using this twisted net! An additional rope attached between the end two poles motivate kids to be creative and bold as they test and strengthen their skills.

Tianzi® Step

ZZPM5008 • AGES: 5-12

- Attach Step to your pole to give climbers an extra challenge, or leg up on their adventure. Two-part casting and powder coating make this a durable component that's easy to install on new or existing playgrounds.

Switch Glider

ZZXX0499

- Engage the lower body in a low-impact, ski-style workout
- Involves your abdomen, lower back, glutes, thighs, and calves
- Grab the handles on either side, keep your feet planted on the platforms, and swing your legs back and forth in a scissor/switching motion
- The gliding action gives you a workout similar to walking and jogging without the impact of your feet hitting the ground
- Alter the intensity from gentle to moderate by using body weight resistance (leaning forwards and backwards, or bending your knees)

Color only available as shown

The Twister

ZZXX0487

- Step up onto the disk, hold onto the bar, and twist your torso from side to side
- Stretches the lower back and oblique muscles

Recumbent Bike

ZZXX0488

- Ergonomically friendly for lower back
- Natural reclining position targets muscles like glutes for better results

Shoulder Slide

ZZXX0492

- Step into the "U", hold a slider in each hand, and slide from sides to front
- Range of motion depends on where you stand
- Turn around to work the back muscles

Arm & Shoulder Circles

ZZXX0489

- Use the handles on the disks to turn them
- Rotate inwards or outwards to work the muscles in your shoulders and upper back

LifeTrail®
Advanced Wellness System

Play is a basic human need for people of all ages. So how do we cater to the play needs of everyone? By creating low-impact wellness playgrounds that provide adults with varying physical abilities with opportunities for socialization, exercise, and fun!

View LifeTrail videos at
Youtube.com/LifeTrailAdvanced

The LifeTrail Advanced Wellness System was designed in collaboration with a kinesiology and gerontology specialist to:

- Build and maintain flexibility, balance, and coordination skills required to perform everyday tasks
- Reduce falls and the risk of serious illnesses
- Boost emotional health—reducing feelings of isolation, tension, depression, and fatigue
- Strengthen cognitive skills and memory

BUYER'S REMEDY: If any products prove defective or non-conforming under normal use and within the above-prescribed warranty periods and material categories, Buyer must promptly notify Playworld Systems, Inc. in writing at 1000 Buffalo Road, Lewisburg, PA 17837 USA. Playworld may elect to inspect the alleged defect at Buyer's site or at Playworld's facility. Buyer shall not return products to Playworld unless authorized by Playworld to do so. Authorized returns must be properly packaged and shipped prepaid and insured, at Buyer's expense. Upon verification of warranty coverage, Playworld may elect, in its sole discretion, to repair defective or non-conforming products, or replace them by delivering products or parts free of charge to the site. Playworld's limited warranties do not cover the cost of labor to remove defective or non-conforming parts or to install repaired or replacement parts. By use of these limited warranties, Buyer accepts their terms and limitations, and waives any rights it would otherwise have to claim or assert that such warranties fail of their essential purpose. Buyer agrees that venue for any court action to enforce these limited warranties shall be in Union County in the State of Pennsylvania.

LIMITATIONS: All warranty periods begin on the date of Playworld's invoice. Repaired and/or replacement parts are warranted only for the balance of the original limited warranty period. Warranties extend only to the original Buyer/end user for products purchased from Playworld or a Playworld authorized reseller, and are not transferable.

Warranties apply only to Playworld products that are erected and installed in conformance with Playworld installation instructions, and that are maintained and inspected in conformance with Playworld maintenance and operational instructions.

Warranties specifically do not cover Playworld products:
- for cosmetic damage or flaws occurring under normal use, such as surface scratches, minor chips, hairline cracks, dents, marring, efflorescence, color fade, discoloration, corrosion/rust, fraying, or warping of recycled plastic lumber;
- that have been modified, altered, or repaired by unauthorized third parties;
- that have not been used as designed or intended, or misused;
- to which non-Playworld parts have been added or substituted;
- that have been removed from their original location and re-installed elsewhere;
- for changes in appearance of natural materials over time or cosmetic defects such as checks or splits in timber components;
- or that have been damaged due to excessive wear and tear, vandalism, abnormal use, abuse, negligence, environmental factors (such as wind-blown sand, salt spray, or airborne emissions from industrial sources), extreme weather (such as hail, flooding, lightning, tornados, sandstorms, earthquakes, or wind storms), and acts of God.

Playworld does not warrant that any particular color will be available for any specific period of time, and reserves the right, in its sole discretion, to discontinue any color for any reason.

THE FOREGOING LIMITED WARRANTY IS THE SOLE AND EXCLUSIVE WARRANTY FOR SELLER'S PRODUCTS, AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, IN LAW OR IN FACT. SELLER SPECIFICALLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE OR PURPOSE, AND ANY IMPLIED WARRANTIES ARISING OUT OF COURSE OF DEALING OR PERFORMANCE OR TRADE USAGE. SELLER SHALL NOT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, SPECIAL, OR PUNITIVE DAMAGES, OR ANY LOSS OF REVENUE, PROFIT, OR USE ARISING OUT OF A BREACH OF THIS WARRANTY OR IN CONNECTION WITH THE SALE, INSTALLATION, MAINTENANCE, USE, OPERATION, OR REPAIR OF ANY PRODUCT. IN NO EVENT WILL SELLER BE LIABLE FOR ANY AMOUNT GREATER THAN THE PURCHASE PRICE OF A DEFECTIVE PRODUCT.

RAPID RESPONSE MAINTENANCE PARTS PROGRAM

Your purchase of a Playworld playground means you are receiving the highest quality product in the industry. With that comes superior service and support. If, during the life of your playground, you need to replace a part, your need is our top priority. You can expect a timely response after you submit your request via one of these methods:

Playworld.com/Parts

Phone: 800.233.8404 or +1.570.522.9800

Colors are subject to change without notice. Color swatches are for reference only. For accurate color samples and the most up-to-date specifications consult your local representative. Playworld uses high quality materials and state-of-the-art manufacturing processes. Commercial playgrounds and products are subjected to years of environmental and solar exposure. Such extreme exposure takes its toll on paints and pigments, and all colors will fade over time. Playworld does not warrant against color fading or discoloration. It is important to properly maintain your playground to ensure its longevity. Depending on environmental conditions at your location, the installation of fabric shade structures may help to delay fading and discoloration.
